It gives me knowledge and skills that will prove useful in my internship and in my career: diagnosing the existing situation, analytical skills, building efficient solutions to solve problems. It also teaches change management and how to communicate on this topic, which are key skills to be successful in any job.

FELIPE CORREA MAAL COLOMBIA

After completing a Quantitative Finance Masters at Rutgers University, my goal was to achieve a well-rounded, more comprehensive professional profile that would build on my Quantitative Finance background by expanding my spectrum of knowledge within real world business applications. UC San Diego helped me achieve these goals through both their Project Management Program and their Business Management Program. Whether it is finance, business, accounting, or project management, the certificates I've taken at UC San Diego have truly increased the value I can provide to a company as well as to any enterprise I choose.

FREQUENTLY ASKED QUESTIONS FOR BUSINESS CERTIFICATE PROGRAMS

Is there a deadline to apply?

Space is limited and the admissions review is competitive. We recommend you apply early to allow time for your application to be reviewed and for your visa processing. Visa processing may take several months. Not all applicants are admitted to the programs. **Note:** No applications will be accepted within ten days before a program's start-date.

Can I apply without all the required documents?

No. You will need to wait to apply until you have all the required documents. The only exception is if you have all the required documents except the language score AND you are currently attending the UC San Diego Extension English Language Institute (ELI). Only students who attend UC San Diego-ELI can apply for conditional acceptance to the business certificate programs.

What is conditional acceptance?

It means you are provisionally accepted based on all requirements except for the language score. This is strictly for students currently attending an 8- or 10-week English language program at UC San Diego Extension ELI.

Can I add an extra quarter after I arrive?

Yes, you can add on additional quarters of study at any time.

What is Optional Practical Training (OPT)?

Students may apply for Optional Practical Training (OPT), which allows students to work in the U.S. for up to one year, after three consecutive quarters of study in any business certificate program.

Is a car required?

Yes, access to a car or other reliable transportation is required, as some classes (day and/or evening) are located at the off-campus UC San Diego Extension facility (University City Center), which has very limited or no public transportation.

BERNARDITA BENAVIDES

CHILE

The teachers were definitely my favorite part of my experience at UC San Diego's English Language Institute. I was motivated by their commitment and passion for teaching. By taking the TEYL certificate, I acquired more teaching techniques, skills, and practice in teaching young students in the early stages of learning English. I now teach English to 4th and 5th grade girls at a school back home in Santiago.
