ASA College History

Successfully
Educating
New Yorkers
Since 1985

4

ASA College History

ASA's modest roots began in 1985 with Alex Shchegol, our founder and president and 12 students in a small Manhattan classroom. Known then as 'Advanced Software Analysis', the institute focused on computer programming, as New York had a dire shortage of qualified mainframe programmers at that time. Since then, the college has grown to more than 5000 students, 20 programs of study, and 2 large, centrally-located campuses in midtown Manhattan and downtown Brooklyn. Today, in addition to computers, our programs focus on the rapidly-growing industries of healthcare, business and criminal justice.

Over the years, as technology revolutionized how every major industry operates, ASA created and updated programs of study to meet new market needs. Consistent with the demands and capabilities of our student body, which includes highly motivated and mature immigrants, ASA programs have always featured a "hands-on" training component. In 1999, ASA received authorization from the New York State Board of Regents to confer degrees in accounting, computer programming and information technology and medical assisting.

Accreditations and Approvals

ASA College credits are transferrable to some of the best colleges and universities in the country

6

Accreditations and Approvals

ASA is authorized by the New York State Board of Regents to confer the Associate of Occupational Studies and Associate in Applied Science degrees. All degree and certificate programs are registered by the State Education Department. The college is accredited by the Commission on Higher Education of the Middle States Association of Colleges and Schools.

Additionally, ASA's Associate Degree program in Medical Assisting is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) upon the recommendation of the Curriculum Review Board of the American Association of Medical Assistants Endowment (AAMAE).

ASA is also approved by the New York State Education Department for the training of veterans and is authorized under federal law to enroll non-immigrant alien students.

**Why choose
ASA College?**

12 reasons to
choose ASA

8

Why Choose ASA College

- Great student services
- Variety of English (ESL) educational programs
- Specialized occupational college degree
- Short Certificate programs available
- Industry certifications
- Distance learning courses available
- Unlimited free tutorials and lab training with class professor
- Flexible class schedule, including evenings and weekends
- Externship and Job placement assistance
- Availability of OPT (Optional Practical Training) after completion of any degree program: one year full-time employment in the USA
- 50% Scholarship available for those who qualify
- No TOEFL required for College programs

Student Services

ASA College provides all necessary support to the students including unlimited tutorial classes and individual consultations. Free skills upgrades are available for our graduates.

Student Advisement Services

Every student is assigned a dedicated ASA advisor who functions as a mentor throughout the student's stay at the college. Advisors assist students to identify and achieve their goals. They also provide direction to students who are experiencing academic difficulties or want to pursue independent avenues of inquiry beyond the content of their current courses. For many students, the primary obstacle to success is personal or financial. Advisors are equally capable of helping resolve these types of problems and can make referrals to appropriate sources for assistance.

Libraries

ASA Libraries maintain web page which provide easy access to the library resources and a set of information literacy tutorials, in addition to periodicals, professional journal, free Wi-Fi and Internet access. Copy machines, television, DVD and tape players are available for student use. ASA Libraries are equipped with study carrels, group tables and computer workstation.

Learning Centers

The ASA Learning Center offers students free, unlimited tutorials to reinforce and apply key concepts in their class work. The tutoring program plays a crucial role in ASA's strategy of providing students with the means to adequately prepare for class.

Computers are equipped with the latest tutorial software which provides instructors with practice tests, exercise, student progress tracking reports, and a chat room where they can tutor or chat live with students.

Writing Center

The ASA Writing Center is an essential and vital part of the ASA Community. It is a place where students are given the opportunity to learn in a seminar-style, innovative environment.

The multi-media resources include computer workstations, and the latest in audio/visual equipment.

Computer and Networking Labs

Computer laboratories are equipped with industry standard, fast computers outfitted with internet connectivity, with all required software applications, utilities and simulation programs installed and ready for use. Labs are open 7 days a week. The Networking Labs are well equipped with brand name devices with high-end specifications, including routers, switches, servers, workstations and wireless devices. Free Wi-Fi access is available to all ASA students.

Medical Labs

Medical Assisting, Nursing, and Pharmacy Technology students receive intensive training and hands-on applications in the state-of-the-art well-equipped medical laboratories. Students practice skills ranging from phlebotomy, specimen collection, initial processing preparation and ECG, as they perform a variety of basic laboratory procedures.

Our modern medical labs replete with related equipment, glassware, supplies, and computer-based software pack-

ages, enhance meaningful, participatory learning within a real workplace.

Athletics/Intramural Sports

ASA students can compete in intercollegiate athletics while attending the college as full-time students. ASA offers intercollegiate programs as a Division One member in the National Junior College Athletic Association (NJCA): Men's Basketball, Women's Basketball, Men's Soccer, Baseball, Women's Tennis, and Football. In addition, ASA College offers Junior Varsity sports programs for practically every sport played on varsity level.

In addition to our intercollegiate programs, ASA offers intramural programs in the following sports: - Basketball, Soccer, Flag Football, Volleyball, Cheerleading/Dance, Tennis and many more... Any student of ASA can compete in the sport of their choice! Intramural teams are a fun, yet competitive option with very minimal commitment. Under the guidance of the athletic department, individual programs are structured accordingly.

Clubs and Student Organization

ASA has a variety of student clubs – the Criminal Justice Club, Technology Club, Drama Club, Conversation Club, and Peers for Careers Club. ASA is host to the Beta Rho Chi Chapter of the Phi Theta Kappa Honor Society, the largest 2-year college honor society, which is open to students who display extraordinary academic achievements. The Student Organization sponsors game nights that include bingo, chess, checkers, movies and other social networking events geared toward the interest of the student body.

Placement and Career Assistance

The philosophy of ASA College is to aggressively help graduates to obtain the best possible jobs in the industries related to their program of study and help to start their career. In order to accomplish this, ASA has developed close relationships with major institutions such as hospitals, banks, brokerage companies, offices of District Attorneys, correctional facilities, insurance companies, etc. In addition, the President of ASA College serves on the Board of Directors of the Brooklyn Chamber of Commerce and is actively involved with many other organizations. On a regular basis, ASA conducts Job Fairs for ASA students and graduates. For every student at ASA, preparations for a successful job interview begin on day one. This is when an evaluation of the student's skills and abilities is conducted and a career development plan is created. ASA conducts constant evaluation of student skills development and offers the appropriate courses to reinforce skills when needed. All career related services are free-of-charge for ASA students and graduates.

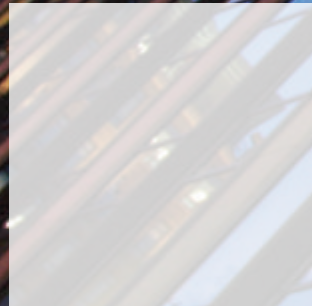

**Life After
ASA**

College Degrees
Work, So Do ASA
Graduates

18

What do ASA College students get after graduation?

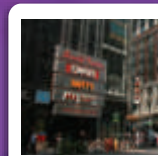

- Specialized 2-Year College Degree with practically all credits transferable to 4-year degree institutions.
- Industry certifications.
- Optional Practical Training (OPT) for International Students: a one-year work authorization for qualified students.
