Our Vision **and** Mission

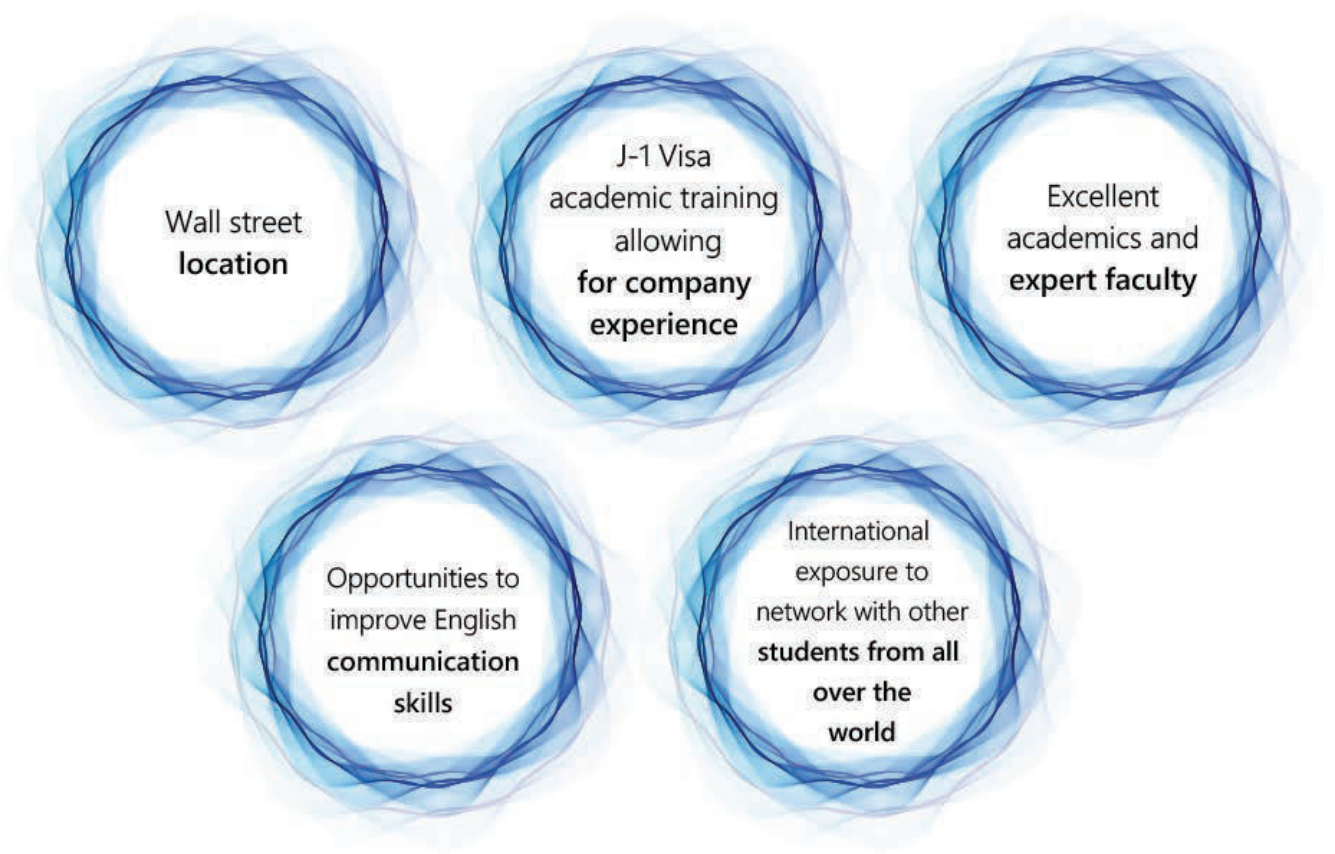

For the last 35 years, the Manhattan Institute of Management's vision has been to produce new generations of internationally and technologically competent managers with strong practical and leadership skills in many business functional disciplines: marketing, management, finance, accounting, technology, human resources, and strategy. After their experience at MIM, our graduates are able to navigate in today's technology-driven business world and excel in its increasing globality.

MIM's mission is to educate and prepare its students to successfully operate in a tech-savvy business environment. We differentiate ourselves by integrating fundamental academic knowledge with practical business and technology experiences into all our programs.

They combine intensive business coursework with an internship experience in New York City. Thanks to the integration of academic theory with pragmatic professional experience, our programs provide the students with an active, hands-on approach to understanding the global environment.

Why Choose **MIM**?

Whether you are a foreign student or a domestic student, there are a number of reasons to study at MIM:

Wall street
location

J-1 Visa
academic training
allowing
for company
experience

Excellent
academics and
expert faculty

Opportunities to
improve English
communication
skills

International
exposure to
network with other
students from all
over the
world

Julienne Manansala, Philippines

Diploma in International Business Administration

"MIM will give you a chance to network with brilliant-minded individuals who will give you a different view of taking things in. Staying and living in NYC is another story, as each day is an adventure on its own. It is indeed true, that once you make it in NYC, you can make it anywhere; and MIM is a great partner to jumpstart that dream.."

Diploma in International Business Administration

This program is for students with an Associate or a Bachelor's degree who are looking to develop a solid foundation in traditional business management and administration subjects with a global mindset, the greatest asset and most critical skill in today's international business world. Students follow classes for 9 months and then train for 9 months at a New York City company. With start dates in January, April, July and September, the Diploma in Business Administration Program enables the students to acquire an in-depth knowledge in a concentration of their choice such as Management, Marketing, Finance or Strategy. They acquire knowledge in those concepts essential to master for a business to function properly, they familiarize themselves with the tools and gain the competences necessary to manage an organization.

Upon successful completion of this program, students will be able to:

- Understand the regulatory, economic, and cultural implications of doing business international.
- Develop the skills needed to lead teams that transact international business as well as teams that are internationally based

Program Options

Mathieu Connan, France
International Business Studies

"MIM was perfect for me. The staff is very dedicated to each student. The professors at MIM were also very skilled. They make sure that you like the class and get the most out of it. The most positive aspect of this experience was that before coming at MIM, I was extremely shy. I couldn't speak in front of people. Today, I'm much more assertive thanks to MIM."

MIM INTERNSHIP PROGRAMS on J-1 Visa

*THE MIM INTERNSHIP PROGRAMS ARE REFERRED TO AS ACADEMIC TRAINING FOR J-1 VISA STUDENTS.

The MIM internship programs' objective is to provide its students with the opportunity to apply the principles and theories that they have learned in the classroom to a professional environment. We view it as a learning experience that integrates academic knowledge with practical application in a real-life setting. We believe that Internships will help our students gain valuable experience, acquire critical skills, and make connections in professional fields in which they are considering future career paths.

What you can achieve during your internship program of academic training :

- Learn new skills such as communication and teamwork for group work as well as technical skills for individual work
- Gain industry knowledge first-hand from an organization and its staff
- Meet new people and develop networking skills
- Acquire valuable experience to add to your resume for future job search
- Receive regular, detailed, and measurable feedback on your performance to give you direction during your internship

Internship Program Structure

MIM offers four internship programs that are designed to meet the needs of students with different levels of academic coursework and experience.

- Three of them follow the completion of the academic component of each MIM academic program: 3 months, 6 months or 9 months
- One of them, the Master Internship is a stand-alone program (see following page).

MASTER INTERNSHIP PROGRAM ON J-1 VISA

This extended internship program is available to students:

- who are **completing or have recently completed their master's degree** at a School, College or University in the USA or abroad; for example, students of Business Schools or IT or Engineering schools who **want or need to do an internship during or after their program**
- who are looking to have a **one-year professional experience in a company in the field of their choice in New York.**

Students will be assisted by Human Resources professionals at MIM who will help them in the process of presenting their candidacy and obtaining interviews, including:

- Writing the best possible resume and cover letter
- Preparing for face-to-face interviews via Skype or in person

Upon completion of this extended internship, students will have considerably improved their professional skills and will be ready for full-time employment in their chosen industry or function

Duration 12 Months: 48 Weeks/1680 Hours at Company + 120 Hours simultaneous Business Capstone Class at MIM

Tuition: \$12,000

*MIM does not guarantee students will obtain internships, final decision is at the host organization's discretion, as is payment or lack thereof.
