# Adult Courses

The English Studio provides students with a world-class language exchange experience. We recognise that learning is a lifelong journey and that each student who studies with us is on their own individual language-learning path.

Whether taking a General English course or preparing for an exam, we want our students to enjoy learning English as much as we enjoy teaching it and feel supported by our passionate, ambitious group of teachers and support staff.

The English Studio values real-life communication and we use this as our guiding principle in delivering courses and lessons based on useful language relevant to the needs of our students. We emphasise that learning a language is about what students can do, rather than what they know.

We offer continuous enrolment on our adult courses throughout the year in London and Dublin for students aged 16 and above.

## GENERAL ENGLISH

- Beginner to Advanced levels
- Flexible learning with either 15 or 20 hours per week

## Ben Bedford | ACADEMIC DIRECTOR, THE ENGLISH STUDIO LONDON

"The students at The English Studio really get the benefit from our dynamic teaching from the very beginning. Our classes are high energy and we give the learners plenty of opportunities to practise their speaking skills in the class. The teachers are skilled in using a variety of teaching techniques in class such as working in pairs or groups and using choral drilling in class to improve our students' pronunciation."

# Electives

At The English Studio we offer Elective sessions to help students achieve their personal goals. Electives have been designed to improve students' confidence and ability in a social and professional setting.

For 2022, our schools will offer the following electives to students on General, Intensive and IELTS courses:

## LONDON

### Speaking

Our speaking classes aim to improve fluency of English and speed of delivery. Learning how to manage conversations, students will gain confidence to speak in a variety of formal and informal situations.

### Writing

Our writing elective will help students improve their effective and appropriate use of language in writing. Through practice, students will become more assured when writing in different formats and contexts.

## DUBLIN

### Conversation

Our conversation classes will increase confidence and teach students how to manage conversations, as they practise speaking in a variety of formal and informal situations with their teacher and classmates.

### IELTS Preparation

The IELTS elective is a great option for students on our General English course who may wish to take the IELTS exam in the future and would like an introduction into the skills needed to succeed in the exam.
